Dear Mr. Gowda:

Pursuant to Article XIX of the RI/Fs Administrative Order by Consent (AOC), IEPA hereby submit this Notice of Dispute with respect to the additional sampling requirements stated in your review letter (dated September 5, 1991; received September 6, 1991) on the Technical Memorandum 3B and Phase II Work Plan - Part B. The dispute involves the quality of the laboratory data, as well as the use of another laboratory to analyze environmental samples for the proposed Phase 2 work.

Informal negotiations were conducted between the IEPA's project manager, Shirley Baer, and you. These negotiations concluded without a successful resolution of the dispute. This Notice is timely as determined by the AOC.

It has been tentatively agreed upon between our agencies that a formal meeting will be held at your office on Wednesday, October 2, 1991 at 9:00 a.m. to resolve this dispute.

Sincerely,

Kurt Neibergall, Sub-Unit Manager
